

Polyurethane Cleaner PS1

Technical Data

March 2016

Product Description Polyurethane Cleaner PS1 is a cleaning solvent used to dissolve uncured polyurethane adhesive.

Basic Use Polyurethane Cleaner PS1 is used to remove uncured polyurethane adhesive at job site.

Typical Physical Properties **Note: The following technical information and data should be considered representative or typical only and should not be used for specification purposes.**

Product	Polyurethane Cleaner PS1
Base:	Keytone
Propellant:	Carbon dioxide
Net Weight oz.	11.5

Directions For Use

1. Before using, don appropriate safety gear (rubber gloves and eye protection), use with adequate ventilation and keep away from open flame or other heat source.
2. Test a small area of the roofing membrane to be sure the PS1 cleaner will not attack it.
3. When cleaning the disposable nozzle from the dispenser remove the nozzle from the dispenser and spray a liberal amount of solvent into the throat of the nozzle. Use caution not to allow large amounts of solvent to saturate roofing membrane.
4. Never use PS1, water or any other cleaning agent to flush chemical from dispenser hose.

Storage and Handling Highly flammable aerosol toxic gas. Keep away from heat, flame or other sources of ignition, avoid contact with skin or eyes. Avoid breathing of vapor or spray mist. Deliberately concentrating and inhaling of vapor of the contents may be harmful or fatal. Harmful if swallowed. Use in well ventilated areas only. Do not puncture, incinerate or store can above 120°F(49°C).

Can Disposal Empty or partially used cans should be disposed of in accordance with local, state and federal regulations. Consult ICP Adhesives' SDS for more information.

Polyurethane Cleaner PS1

First Aid

Technical Information

The technical information, recommendations and other statements contained in this document are based upon tests or experience that ICP Adhesives believes are reliable, but the accuracy or completeness of such information is not guaranteed.

Product Use

Many factors beyond ICP Adhesives and Sealants, Inc.'s (ICP) control and uniquely within user's knowledge and control can affect the use and performance of an ICP product in a particular application. User is solely responsible for evaluating the ICP product and determining whether it is fit for a particular purpose and suitable for user's method of application.

Warranty, Limited Remedy, and Disclaimer

Unless an additional warranty is specifically stated on the applicable ICP product packaging or product literature, ICP warrants that each ICP product meets the applicable ICP product specification at the time ICP ships the product. ICP MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the ICP product does not conform to this warranty, then the sole and exclusive remedy is, at ICP's option, replacement of the ICP product or refund of the purchase price.

Limitation of Liability

Except where prohibited by law, ICP will not be liable for any loss or damage arising from the ICP product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
